Introduction:

At EKTAWAM Advisors we are committed to providing our clients with on-time effective solutions to help their business move forward. We not only provide solutions to get rid of daily hassles of maintaining accounting data but also help you to do your business better by identifying potential problems and providing suitable solutions. We believe that our clients are our greatest asset and that our future growth is dependent on theirs. We work closely with all of our clients and make ourselves available all year round to offer advice.

We understand that clients want peace of mind and security when choosing professional services. At EKTAWAM Advisors we pride ourselves on being approachable, good listeners, proactive and innovative while having the long term success of the clients at heart.

We look forward to the opportunity to meet with you and review any of your business or taxation needs.

Mission:

Adding value to our clients by developing and deploying effective solutions. We are committed to providing consistent and practical solutions to our clients with a personal touch and strive to support our services with the highest level of professionalism & efficiency

Services

1) Business Consulting services

Most businesses fail because they fail to plan. Business strategies are fundamental to every company. For Startups and SMEs it's their life.

We help you in understanding your goals and aspirations and devise strategies that is tailor made for you. We understand that one size does not fit all, and hence the business strategies are drawn in line with your company's vision and available resources.

Business planning is an important element without which goal setting and driving business strategies cannot happen. We work with companies in defining the business plan in sync with the assigned budgets. Business planning is critical even if you have just embarked in your business, as it acts like a rudder and helps you steer your company in the right direction.

- A) Trademark Registration
- B) Operational restructuring services
- C) Monthly Business MIS
- D) Drafting & finalization of commercial agreements & MOU

2) Taxation:

Income Tax

Indian economy is transforming into a developed economy and in the process of developing new tax concepts GAAR, BEPS and new transfer pricing provisions under the tax laws of India. We, by keeping current on new tax laws and legislation, are in a position to identify key tax planning opportunities that minimize both your current and future tax liabilities. We provide our individual and business clients with the taxation expertise and knowledge that they desire throughout the year.

Goods & Services Tax (GST)

GST was implemented in India effective from 1st July, 2017 and witness far reaching impact on all the business process for every business entity. GST replaced at least 17 taxes imposed by Central Government and various State Governments and under GST regime both CG and SG shall be charging tax on the same transactions at a GST rate on value determined under this Act. Uniform compliance procedure across Country;

- A) Income Tax Advisory & Compliance
- B) GST Advisory & Compliance ,Excise Duty Advisory & Compliance
- C) Professional Tax,Entertainment Tax, Luxury Tax

3) **Accounting Outsourcing:**

In today's ever-changing and competitive world, the Finance & Accounting function is one of the key functions being tracked by management teams to continuously drive high performance and business improvement. Ongoing pressures to optimize business performance have prompted many CFO's and finance executives to look for new approaches, including outsourcing of the finance & accounting function.

With EKTAWAM Finance and accounting outsourcing functions, you can be assured that your fiscal and regulatory risks are being managed effectively.

6) **Statutory Compliance (Computation & filing of monthly , Quarterly & Annual return as required under statutory Act)**

Statutory means "of or related to statutes," or what we normally call laws or regulations. Compliance just means to comply with or adhere to. So statutory compliance means you are following the laws on a given issue.

Complying with Central and State Acts and Regulations to keep your company safe from legal trouble has never been more demanding. And now, through **EKTAWAM**, it has become easier. Our Corporate Compliance Services are the effective solutions that can lower your compliance "risk profile", reduce fines, reassign headcount, enable a better and higher use of limited law department resources, save measurable cost and improve effectiveness

Non-compliance with statutory obligations can result in significant late filing fees for companies, and may even lead to court prosecutions for their directors/managers. We help companies and directors to be compliant with their filing obligations under the various Acts, Rules, regulations and Notifications.

- A) GST
- B) TDS
- C) PT
- D) PF
- E) ESI
